Re: Robert Cross Letter of Recommendation

To Whom It May Concern:

This letter is written on behalf of Mr. Robert (Bobby) Cross. I have come to know Bobby as a student of mine in our teacher preparation program for the past several semesters. He has shown tremendous responsibility and great potential as a teacher during his student teaching, and substituting, experiences. It is with pleasure that I write this recommendation!

During my time working directly with Bobby, I can attest to the fact that he is consistently focused on the quality of his teaching practice. Additionally, with Bobby's prior business experiences with technology, he is able to translate this knowledge, and skills, into an effective blended learning environment in his classroom. Bobby is truly a team player and always willing to lead when asked and taking the initiative when he sees it. Lastly, he is flexible, adaptable, and willing to help others when needed.

Mr. Cross is a very strong applicant for any position to which he is applying. I hope that you can give serious consideration to him. I know, not only will he benefit from the position he is seeking, but also you will benefit from his talents and skills in your school. Please feel free to contact me directly if you have any other questions – email being the best.

Sincerely,

Christopher Foster, Ed.D.
